

West Genesee Central School District

Strategic Plan for Educational Improvement
2013 -2014

~ We Celebrate Learning ~

The mission of the West Genesee Central School District in partnership with the community is to ensure that each student attains the knowledge, skills and attitudes necessary, not only for lifelong learning, but also for becoming a cooperative, self-directed, productive, caring citizen.

We Believe ...

- ♦ In the worth of each individual.
- ♦ All people can learn.
- ♦ People learn at different rates, in different ways.
- ♦ The student, family, school, and community all share the responsibility for education.
- ♦ Productive partnerships depend on honest communication, mutual respect, and trust.
- ♦ Effective teaching is the vital component of learning.
- ♦ Progress requires the courage to confront challenges.
- ♦ Knowledge and skills expand lifelong options.
- ♦ Expectations, attitudes, and effort directly affect performance.
- ♦ Every person has special abilities and talents worthy of recognition.
- ♦ People learn best in a safe, supportive, caring environment.
- ♦ Learning is a lifelong process.
- ♦ Role models profoundly affect behavior and learning.
- ♦ Appreciating and respecting diversity enriches life.
- ♦ Commitment is essential to lasting success.
- ♦ Evaluation and response are necessary for continuous improvement.
- ♦ Effective communication is essential to understanding and success.

Strategic Objectives*-

- The four year graduation rate will grow by two percent or more.
- The number of students earning a Regents Diploma with Advanced Designation will grow by two percent or more.
- The number of graduating seniors who successfully complete at least one college level course will grow by five percent or more.

2. Utilize student performance data to improve individual student academic achievement at every level.
3. Ensure communication among counselors, teachers, students, and parents regarding student performance and individual student goal attainment.

II. Students (Personal Development)

1. Fully develop students' appreciation of self and others, and to nurture students' ability to accept responsibility for their own actions.
2. Optimize the use of student support services, grades K-12.
3. Help students prepare for and accept their role as a 21st Century learner.

III. Educational Program

1. Continue to document, monitor, assess, and communicate curricula in all subject areas and at all levels.
2. Enhance communication of program options for middle school and high school students.
3. Continue to develop and improve strategies that foster an appreciation of diversity.
4. Integrate strategies that promote 21st Century learning into the curricula.
5. Implement and evaluate academic programs and strategies to support Response to Intervention (RtI).

IV. Staff

1. Provide professional development opportunities for all staff, to collaboratively meet strategic objectives and focus areas.
2. Refine the systematic assessment of all personnel.
3. Continue to explore opportunities for professional collaboration.

V. Parents / Guardians

1. Continue to communicate with and to engage parents/guardians as part of the school community.

VI. Community

1. Recruit and equip volunteers from the community to serve the schools in an effective and mutually satisfying partnership.
2. Provide and engage students with regular opportunities to serve the community.

VII. Leadership

1. Provide leadership opportunities to students, staff, and community members.

VIII. Technology

1. Implement technology that addresses the instructional and administrative needs of the district.
2. Ensure that all staff and students are proficient at applying pertinent technology to attain professional and academic goals.

IX. Facilities
